## Covid-19 Outside Play Protocol

Before children can access any outdoor area, the support staff must ensure the previous bubble have left the area and are safely back in their bubble.

All toys and equipment that is left in the outdoor area must be sanitised and the coloured bucket for the previous bubble removed and taken back to the relevant bubble.

Before leaving their bubble to go to play outside children will be encouraged to use the toilet to minimise re-entry into the main building un-necessarily.

They are escorted via the one-way system to the allocated outdoor area either at the front or the rear of the building.

Only easily cleaned equipment will be available and coloured coded buckets of toys from their bubble will be used.

Children will be encouraged to play with others at a safe distance wherever possible

Allocated times will be given each session, so all bubbles have the chance to use the available space.

All of this is weather permitting and if not too cold.
